Our Mission

To create value in the lives of people through innovation and thereby develop a sense of pride for those associated with us. We have quality checks at each and every stage of the process to ensure that quality standards are maintained. Following which, our finished products are subject to stringent functionality tests.

We strive to create value for our customers through our range of products for everyone associated with us

Quality is our promise, your satisfaction is our priority.

Our Certifications

STAINLESS STEEL WELDING WIRES

Fortran Steel offers premium SS Welding Wires designed to deliver exceptional performance in both MIG welding and TIG welding applications. Our range of stainless steel welding wires provides superior weld quality, strength, and durability, features that make them ideal for a variety of industrial and commercial projects.

Our stainless steel MIG wire is engineered by our manufacturer for precision and consistency, providing smooth and reliable welding experiences. These MIG welding wires are perfect for stainless steel welding owing to their excellent corrosion resistance and clean finish. For TIG welding stainless steel, our TIG wires deliver precise control and exceptional results. They're suitable for intricate and high-strength welds.

As leading stainless steel manufacturers and suppliers, Fortran Steel sees to it that our welding materials meet stringent industry standards. Our welding wire spools are available in various sizes and specifications to cater to diverse welding needs. Whether you are engaged in metal welding, steel welding, or general fabrication, our stainless welding wires provide the quality and reliability you require.

Experience the difference in performance and longevity that Fortran Steel's stainless steel welding wires bring to your projects. Contact us for all your welding wire needs today.

Stainless Steel Welding Wires

Applications

- Automotive Components
 - Construction Projects
 - General Metal Fabrication
- Marine Applications
 - Medical Devices
 - Industrial Machinery
- Aerospace
 - Food and Beverage Industry

Sizes

1.25mm to 6mm

Tolerances

+/- 0.02 TO +/- 0.05

Heat Treatment

- Finish Matt
 - Soft Annealed
- Half Hard
 - Bright & Quarter Hard
- Full Hard

Grades

ER308	ER308L
ER309	ER309L
ER310	ER312
ER316	ER316L
ER316LSi	ER317L
ER321	ER347
ER420	ER2594
ER430	ER904L

Sustainability At Our Core

Our company's rainwater harvesting system conserves 5,000 liters of water every day. This adds up to 1.5 million liters annually, contributing to sustainable practices and reducing our environmental footprint significantly.

Our solar power system saves 1 million units of electricity annually, reducing energy costs and supporting our commitment to sustainability.

We ensure CBAM compliance by utilizing recycled steel in our processes, reflecting our commitment to sustainability and eco-friendly practices. This approach minimizes carbon emissions and aligns with global climate and regulatory goals.

We are aligning our efforts with global carbon emission goals, driving sustainable practices to create a greener, more eco-friendly future.

**We Save
1.5 Million litres of
water every year**

**1 Million
units of Electricity
saved every year**

**CBAM
compliant**

**Reducing
Carbon Emissions**
