Our Mission

To create value in the lives of people through innovation and thereby develop a sense of pride for those associated with us. We have quality checks at each and every stage of the process to ensure that quality standards are maintained. Following which, our finished products are subject to stringent functionality tests.

We strive to create value for our customers through our range of products for everyone associated with us

Quality is our promise, your satisfaction is our priority.

Our Certifications

MILD STEEL COLD ROLLED SHEETS & COILS

Cold rolled sheets and coils are vital materials in industrial and manufacturing sectors, known for their precision, smooth finish, and excellent mechanical properties. As an authorized JSW Steel distributor, Fortran Steel provides high-quality cold rolled sheets and coils that ensure durability, uniformity, and superior performance across various applications.

Manufactured by processing hot rolled steel at room temperature, cold rolled sheets offer a refined surface, tighter dimensional tolerances, and enhanced formability. Available in multiple thicknesses and specifications, our cold rolled mild steel sheets are ideal for automotive, manufacturing, and structural applications that demand high precision and a superior finish.

Fortran Steel's cold rolled coils deliver exceptional strength, uniformity, and versatility, making them suitable for metal fabrication, appliance manufacturing, and construction. With excellent weldability and formability, our CR coils provide efficiency and reliability at competitive prices. Trust Fortran Steel for premium cold rolled solutions that meet the most demanding industry standards.

MILD STEEL COLD ROLLED SHEETS & COILS

Applications

- Automotive Manufacturing
- Electronics
- Construction
- Home Appliances
- Office Furniture
- Aerospace
- Metal Furniture
- Medical Equipment

Sizes

0.35mm to 3.2mm

Tolerances

h10, h11

Heat Treatment

- Annealing
- Stress Relieving / Spheroidizing

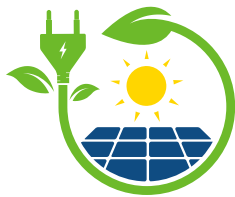

Grades

IS 2062 Gr A,B & C	
CR1	CR2
CR3	CR4
CR5	ISC270C
ISC270D	ISC270E
ISC270F	ISC340W
ISC370W	ISC390W

Sustainability At Our Core

Our company's rainwater harvesting system conserves 5,000 liters of water every day. This adds up to 1.5 million liters annually, contributing to sustainable practices and reducing our environmental footprint significantly.

Our solar power system saves 1 million units of electricity annually, reducing energy costs and supporting our commitment to sustainability.

We ensure CBAM compliance by utilizing recycled steel in our processes, reflecting our commitment to sustainability and eco-friendly practices. This approach minimizes carbon emissions and aligns with global climate and regulatory goals.

We are aligning our efforts with global carbon emission goals, driving sustainable practices to create a greener, more eco-friendly future.

**We Save
1.5 Million litres of
water every year**

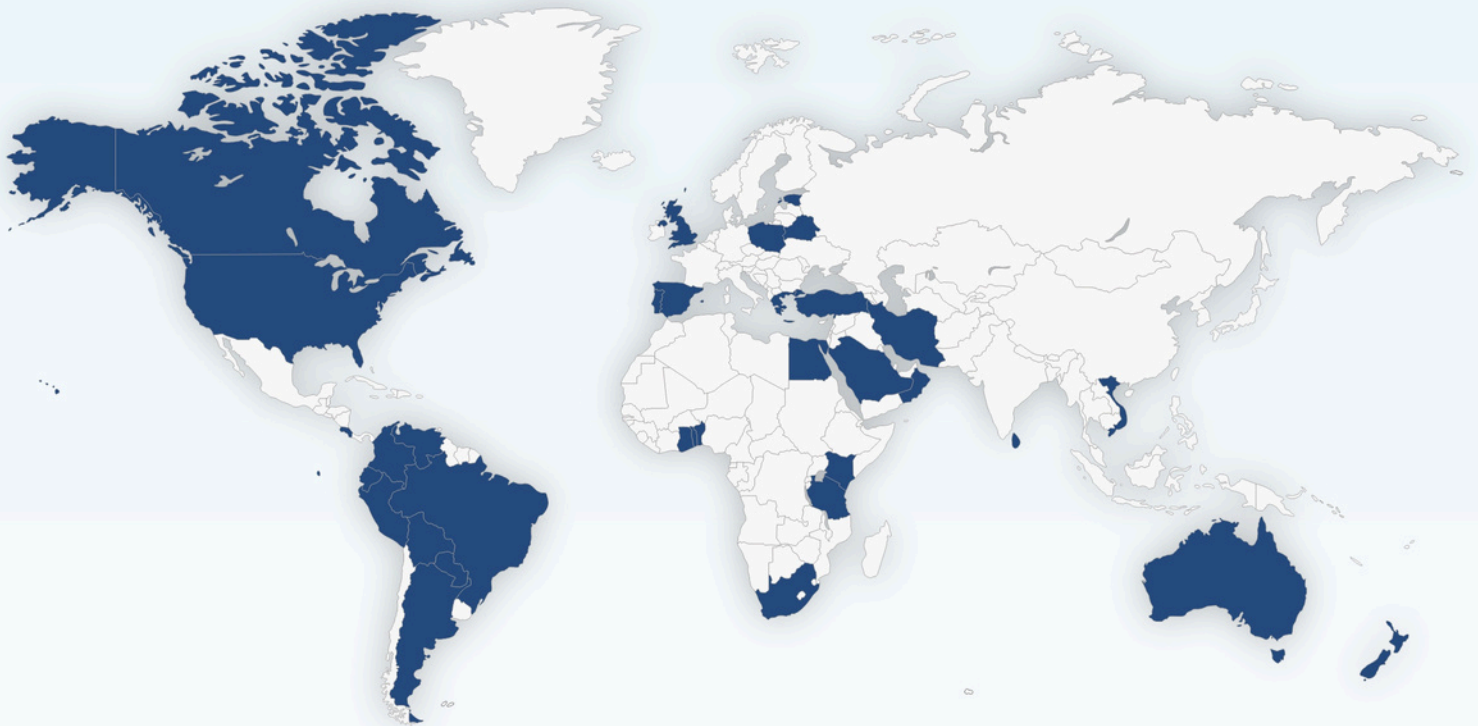

**1 Million
units of Electricity
saved every year**

**CBAM
