Our Mission

To create value in the lives of people through innovation and thereby develop a sense of pride for those associated with us. We have quality checks at each and every stage of the process to ensure that quality standards are maintained. Following which, our finished products are subject to stringent functionality tests.

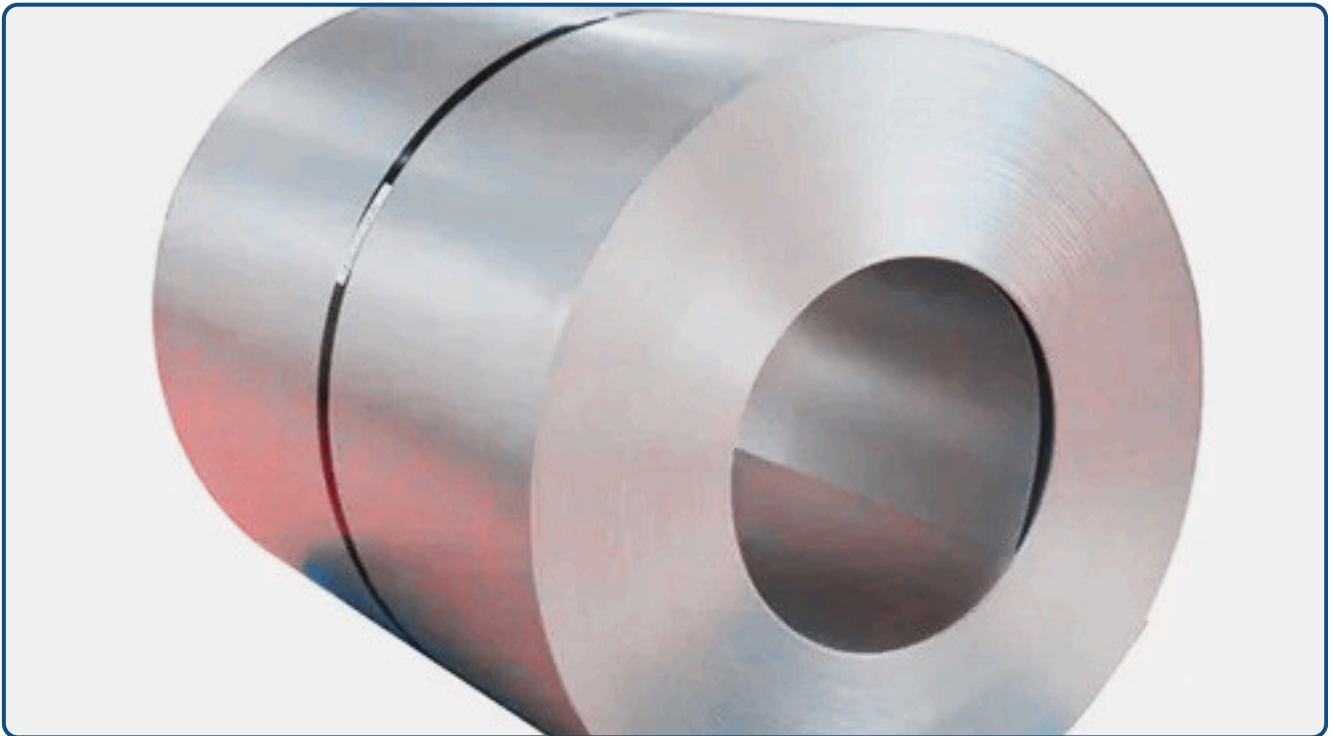

We strive to create value for our customers through our range of products for everyone associated with us

Quality is our promise, your satisfaction is our priority.

Our Certifications

MILD STEEL GI SHEETS & COILS

Fortran Steel provides high-quality galvanized iron sheets and GI coils, engineered to meet the stringent demands of the B2B market. Known for their durability and superior corrosion resistance, our GI sheets are the ideal choice for industrial and construction applications, ensuring long-lasting performance in various environments.

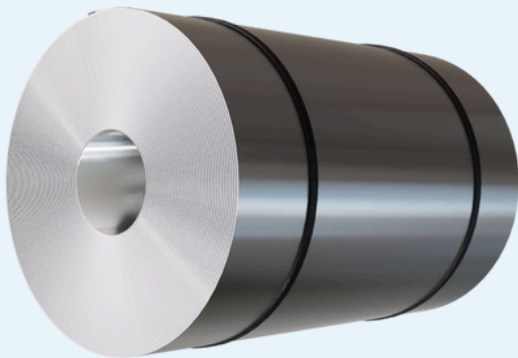

Our product range includes galvanized sheets and coils in multiple sizes, catering to diverse project requirements. Whether for roofing, cladding, or structural applications, our GI sheets offer strength and reliability. Additionally, our corrugated galvanized steel sheets and roof panels provide both protection and aesthetic appeal.

As a leading GI sheet supplier in India, Fortran Steel ensures timely delivery and consistent quality. With an extensive inventory of GI steel sheets and coils, we prioritize customer satisfaction, offering durable and cost-effective solutions. Choose Fortran Steel for premium GI products that guarantee performance and value for your business.

h10, h11

Heat Treatment

- Annealing
- Stress Relieving / Spheroidizing

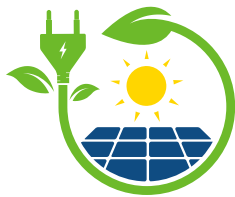

Grades

ASTM A 792	JIS G 3321
EN 10326	AS 1397
ASTM 653/A	HSLA
EN 10326	80 GSM
120 GSM	275 GSM

Sustainability At Our Core

Our company's rainwater harvesting system conserves 5,000 liters of water every day. This adds up to 1.5 million liters annually, contributing to sustainable practices and reducing our environmental footprint significantly.

Our solar power system saves 1 million units of electricity annually, reducing energy costs and supporting our commitment to sustainability.

We ensure CBAM compliance by utilizing recycled steel in our processes, reflecting our commitment to sustainability and eco-friendly practices. This approach minimizes carbon emissions and aligns with global climate and regulatory goals.

We are aligning our efforts with global carbon emission goals, driving sustainable practices to create a greener, more eco-friendly future.

**We Save
1.5 Million litres of
water every year**

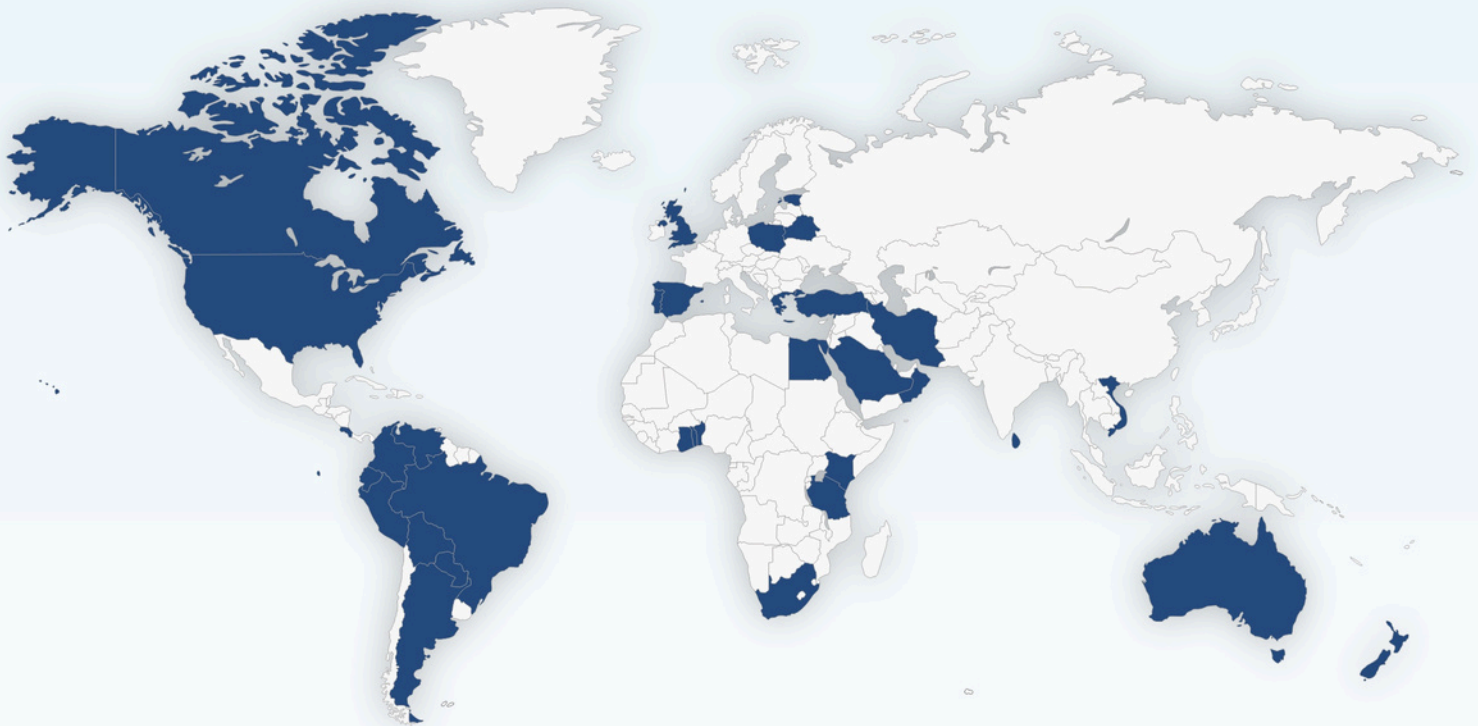

**1 Million
units of Electricity
saved every year**
