Our Mission

To create value in the lives of people through innovation and thereby develop a sense of pride for those associated with us. We have quality checks at each and every stage of the process to ensure that quality standards are maintained. Following which, our finished products are subject to stringent functionality tests.

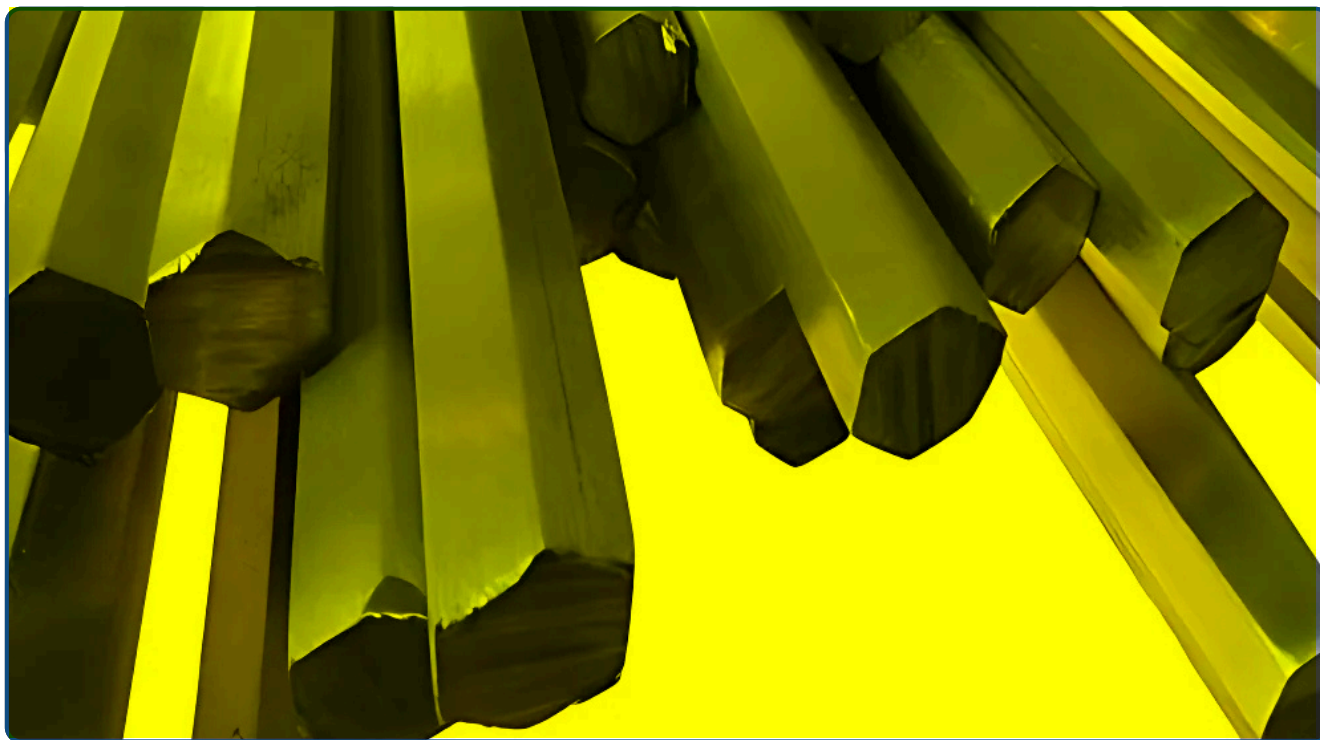

We strive to create value for our customers through our range of products for everyone associated with us

Quality is our promise, your satisfaction is our priority.

Our Certifications

MILD STEEL BRIGHT HEXAGONAL BARS

Our MS bright bar collection is crafted to meet the rigorous demands of industrial, architectural, and structural applications, ensuring long-lasting strength and efficiency in every use. With high dimensional accuracy and a polished finish, these bars provide optimal functionality and aesthetic appeal for diverse projects.

The hexagonal shape of our bright MS bars enhances their structural integrity, making them an ideal choice for complex construction tasks, mechanical components, and engineering applications. Fortran Steel ensures that every hex steel bar we manufacture meets strict quality standards, offering consistency, ease of machining, and excellent load-bearing capacity. Whether for fasteners, precision parts, or support structures, our hexagonal bright bars deliver superior stability and versatility.

Fortran Steel has the inventory and expertise to provide the perfect solution for your project. Depend on us as your trusted hex bar supplier, delivering MS bars that excel in both performance and reliability. Choose Fortran Steel and build with confidence.

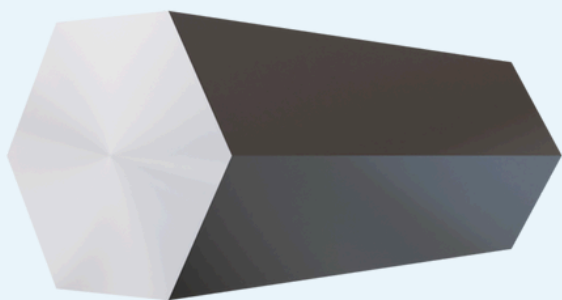

MILD STEEL BRIGHT HEXAGONAL BARS

Applications

- Construction
- Automotive
- Marine
- Agriculture
- Electrical
- Industrial Equipment
- Furniture
- Oil & Gas
- Transportation

Grades

IS 2062 Gr A,B & C	
EN 8	EN 18
EN 32B	16MnCr5
EN42	EN 8D
SAE 1008	SAE 1010
SAE 1018	15B25
EN 19	ENIA(L)

Sizes

6mm to 75mm

Tolerances

h9, h10, h11

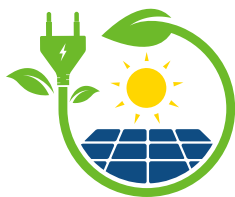

Supply Condition

- Cold Drawn Polish
- Cold Drawn Finish
- Grind Finish

Sustainability At Our Core

Our company's rainwater harvesting system conserves 5,000 liters of water every day. This adds up to 1.5 million liters annually, contributing to sustainable practices and reducing our environmental footprint significantly.

Our solar power system saves 1 million units of electricity annually, reducing energy costs and supporting our commitment to sustainability.

We ensure CBAM compliance by utilizing recycled steel in our processes, reflecting our commitment to sustainability and eco-friendly practices. This approach minimizes carbon emissions and aligns with global climate and regulatory goals.

We are aligning our efforts with global carbon emission goals, driving sustainable practices to create a greener, more eco-friendly future.

**We Save
1.5 Million litres of
water every year**

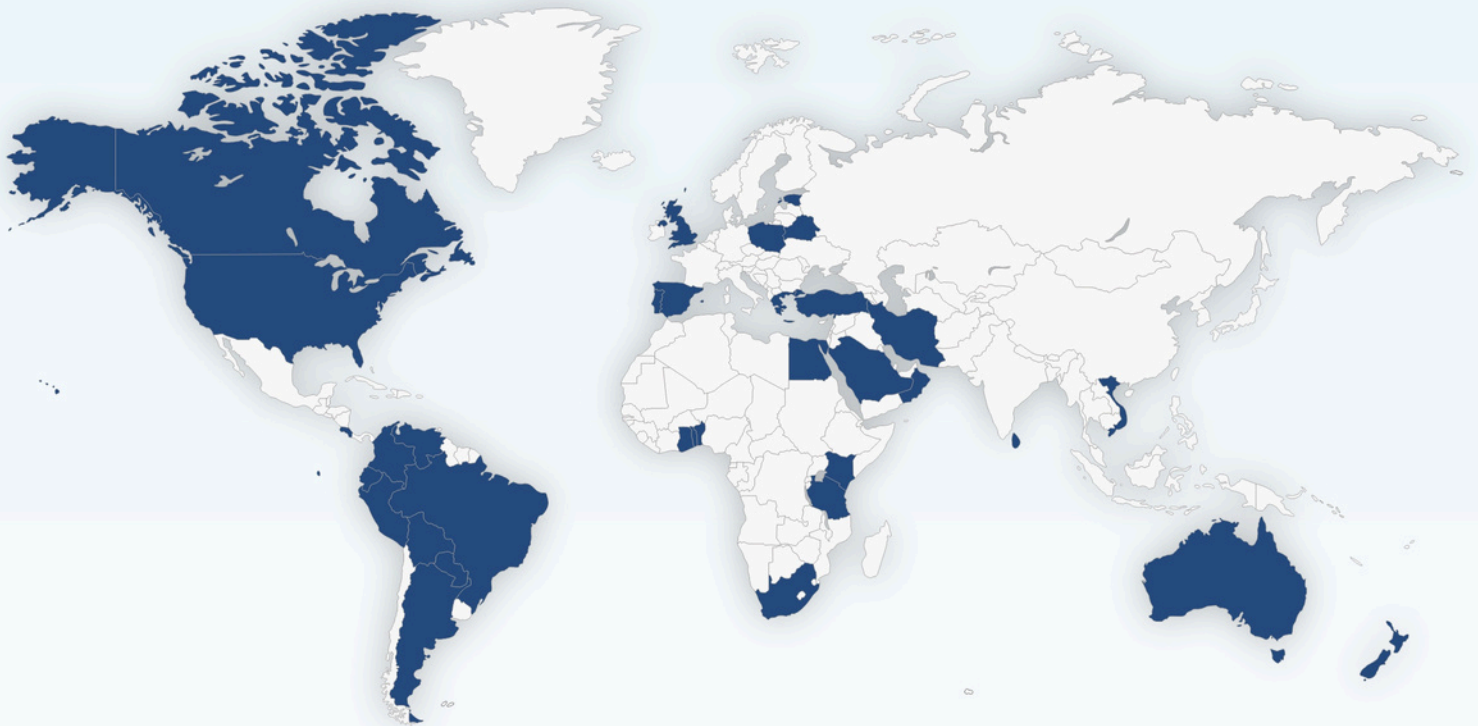

**1 Million
units of Electricity
saved every year**
